Farmland Drive Sidewalk Proposal APPROVED

Dear Residents:

After a complete review of the Record binder and Public Hearing Officer's Recommendations for the Farmland Drive Sidewalk Proposal, Christopher Conklin, the Director of the Montgomery County Department of Transportation (MCDOT), has approved and authorized the installation of the Farmland Drive proposed sidewalk.

The new sidewalks will be installed in 5-ft-wide concrete with a variable greenspace of 0 to 3-feet on the west side of **Farmland Drive** from **Old Stage Road** to **Racehorse Lane**. Weather permitting, construction is anticipated to begin sometime during the Fall season of this year. A more informative and detailed construction notice will be sent once a specific construction start date has been selected. In addition, MCDOT will delineate the excavation site and post signs prior to starting construction. An inspector will be on-site and available throughout the entire construction phase to address any issues you may have. If you have any questions, please feel free to contact my assistant, Lori Jean Main, at Lori.Main@montgomerycountymd.gov.

Thank you for assistance throughout our process. I am confident the new sidewalks will provide safer access for the entire Old Farm community.

Sincerely,

A handwritten signature in black ink, appearing to read "Frank Kingsley".
